STATE TO BEGIN \$2,000,000 BUILDING PROGRAM

The State Highway department is starting a \$2,000,000 building program at once, effecting practically every county in the state. Men and some teams and trucks will be needed for this work.

DEPT. OF STATE STATE NEWS BULLETIN

A decided change of mind regarding economic conditions is noticeable among men who transact business with the corporation division of the Department of State.

The corporation tax this year, while not as large as in 1930, exceeds by about \$500,000 the amount that it was estimated the state would receive.

The new automobile drivers license act, passed by the 1931 legislature, becomes effective Nov. 1 and it is estimated that 200,000 drivers, who secured their original licenses prior to Jan. 1, 1926, will not have re-registered in accordance with the new law.

Applications for new licenses can be made to chiefs of police or sheriffs. The officer then issues a temporary license which is good for 30 days. Before the expiration of that period, the application will be checked by the department of state and the department of public safety, and the new license issued. No hindrances are discovered. The new licenses are good for only three years.

The Legislative Manual, familiarly known as the "Red Book" will be ready for distribution by the Department of State in about two weeks. The manual is published every two years under a law which orders its distribution without cost to county officials and libraries. Private individuals and companies may purchase the book from the department at cost.

W. H. WALLACE PASSED AWAY

William H. Wallace, a resident of Roscommon for twenty-five years, passed away at Mercy Hospital, Grayling, last Friday morning at 8 o'clock, following many years' illness from heart trouble.

Mr. Wallace was born at Millville, Lapeer county, on September 16th, 1869. As a small boy, with his parents, he moved to Crawford County where he received his early education in the rural schools of Maple Forest and Frederic townships. From Frederic, he came to Grayling where he was engaged in the painting and papering business for several years, later taking up electrical work in which he continued until his health failed him completely.

In 1900, he was united in marriage to Laura Sholtz of Grayling. They made their home in Grayling until 1905 when they moved to Roscommon where he became employed by the Village as Supt. of Electric Lights and Waterworks and in which capacity he served for seventeen years. He was employed by the State of Michigan and was in charge of the lighting and pumping station at the Grayling-Military reservation for two summers and spent one winter at the heating plant at the new state office building in Lansing. During the past couple of years, he was employed by the local lighting plant owned by the Northern Power Company and to which he expected to return this fall if his health had improved.

Mr. Wallace occupied several public offices in Crawford County and served as deputy under several sheriffs of Roscommon County besides having been health officer at one time. He served two terms and was elected to the third term on the Higgins Township Board of Education, just prior to the new consolidation.

He had been a member of the Modern Woodmen of America since early manhood and just this summer had attained his thirty-year membership in the Independent Order of Oddfellows, having belonged to the Grayling order.

Services were held from the home at Roscommon Sunday afternoon, Rev. Wm. Etheridge of Maple City and Rev. C. Peterson of the local Congregational church officiating. Burial took place at Grayling where the Oddfellows were in charge.

Mr. Wallace leaves to mourn his loss his faithful wife and four children, Mrs. Ruth Geister, Leo Williams, Frederick Wesley and Clifford Charles all of Roscommon, besides several more distant relatives and a score of friends.

Those from out of town who were in attendance at the funeral were Mr. and Mrs. Chas. Wilbur, Mr. and Mrs. Leo Jorgenson and daughter, Mr. and Mrs. Geo. Wend and family, Mr. and Mrs. Phil Quigley, Mr. and Mrs. Geo. Collins, Mr. and Mrs. Geo. McCullough, Mrs. Minnie Hartley, Mr. and Mrs. Wm. Ferguson and Mrs. Frank Milliken, all of Grayling; Mrs. Laura Wallace, Messrs. Earl and Verne Wallace, Miss Muriel Patterson, Mr. and Mrs. C. S. Barber and daughter, Mrs. Allen, and Miss Katherine Horton, all of Frederic; Mr. and Mrs. Frank Love, Mr. and Mrs. Wm. E. Love, Mrs. Henrietta Love of Beaver Creek and Mr. and Mrs. Howard Nolan and daughter of Richfield; Mr. and Mrs. Frank Coykendall of St. Johns; Mrs. Ernest Fox of Fowler; Mr. and Mrs. R. S. McPherson of Maple Rapids; Mr. Geo. Howes of Ithaca; Miss Miriam Meisen of Alba; and Rev. Wm. Etheridge of Maple City.

Conference held by the District Superintendent, Dr. D. H. Glass. He also asks that the Sunday School officers and teachers meet with the Church Board, as he will take up a discussion of the Church School problems.

By the time we've solved today's problems we'll have a new set.

The petty troubles of our friends amuse us; when the same things happen to us they seem mighty serious.

ATTEND WINTER SPORTS BENEFIT

Your presence at the Winter Sports benefit dance that will be given at Temple theatre Saturday night will be very much appreciated. Money is wanted to buy materials that will be needed to complete the plans of the committee, who have been busy since the first of the month clearing the land at the new site that has been selected.

Those who have been working there have volunteered their help and so far it hasn't cost a cent for labor. However pumps and other apparatus is to be installed and this means that money will have to be raised to cover this cost.

Winter Sports in Grayling are getting bigger and better and each year brings more people here to enjoy the pastime. In fact this is getting to be one of Grayling's industries just as the summer tourist business is and it is up to the people to lend their support and put the program over and put it over big. So by attending the dance Saturday night you will be helping a lot. The party will be held at Temple theatre and the admission is 75c per couple, 25c for extra lady. Everybody welcome.

HEALTH COM. HOLDS MONTHLY MEETING

The County Child Health committee held their monthly meeting at the home of Mrs. Barnett.

These interested township health workers reported various health activities in their districts having direct bearing on their County Child Health program.

Miss Edna Hamilton, director of nurses, Children's Fund of Michigan, gave a short history of the work and its growth; she then presented an outline of the health work to be carried out for the ensuing year.

Dr. Moffat gave a short talk on the county health work and program. The ladies decided to meet next month at the home of Mrs. Woodburn, Maple Forest township. All people from the county interested in health work are cordially invited.

M. P. S. EDUCATIONAL PROGRAM VERY INTERESTING

Employees from the Northern Division of the Michigan Public Service Company assembled at the Danabod hall last Thursday evening and held their fifth of the 1931 series of Educational meetings.

Compositions treating with the electric industry were presented in a fine manner and it was evident from the enthusiasm and interest shown that these meetings are very beneficial not only to the employees but also to those guests in attendance. Motion pictures complete with sound effects were shown by Mr. Brown of the General Electric Company, the theme of which illustrated the introduction of the incandescent lamp through the years of development up to the present time, disclosing the many features of the new lamps and their dedication to better vision.

Company officials in attendance included Mr. W. A. Wadsworth, General manager, Traverse City; Mr. C. L. Roughter, Merchandise and Public Relations expert, Lansing; C. L. Mosher, Chief Engineer, Traverse City; Mr. L. G. Balch, District manager, Cheboygan.

Local guests were: Mr. M. A. Bates, Mr. and Mrs. O. P. Schumann and Mrs. Jennie Alexander.

It's easier to be well known than to be favorably known.

PROGRAM FOR SCHOOL IMPROVEMENT AT FREDERIC SCHOOLS

The school which is the foundation for future civilization is the most important institutional asset of any community. It determines the quality of the generations coming after us. If that is true it should become a necessity for every adult citizen to know more about its aims, functions, and possibilities for improvement.

Too many of us are willing to be content with old, "tried" aims and functions, without investigating or familiarizing ourselves with the successful improvements that other communities have made in their school systems. We are too willing to say "No," to suggestions we are not acquainted with.

Crawford County is distinctly a county which should receive the greatest possible amount of returns per capita from its schools because of its economic factors.

A program will be given in the Frederic High School, November 15th which will have for its main aim: school improvement. This program will be sponsored by the Appleblossom Club of Central State Teachers College, Mount Pleasant. The club consists of students who are interested in rural education. The advisor, head of the Rural Education Department of the club, is a leading specialist in the field. Besides being qualified with several degrees, including a doctors degree, he has been in contact with school systems throughout the United States. Dr. Smith is particularly interested in the complex community school problems, and is equally interested in their solutions. He will discuss the problems in the program.

The other part of the program will consist of entertainment features by the members of the Appleblossom Club. They will consist of musical and dramatic numbers.

MUST SIGN CARD BEFORE VOTING IS NEW LAW

According to the new registration law which provides for a perpetual list of voters to be kept to date, each voter as he or she calls for a ballot at certain elections will have to sign an application, the signature to be compared to that on the registration card to prevent fraud.

This is a valuable feature but unquestionably in many cases will cause much delay. In such places it will no doubt be necessary to create new precincts. Another provision suspends the right to vote after an election has failed to present himself for two consecutive elections.

This obviously has good features. It will clear the list of removed voters and at the same time stimulate voting and presence at the polls of a lot of folks who are inclined to be careless and indifferent.

We believe folks will want to study this new law which becomes effective next year.

M. HANSON ELECTED PRES. DEV. BUREAU

At the annual meeting of the East Michigan Development Bureau and East Michigan Tourist Association, Marius Hanson of this city was elected president of the Development Bureau for the ensuing year.

Mr. Hanson has been active in the operations of the Bureau ever since its organization, nearly 20 years ago. He has served on most of the regular and many special committees; for many years acted as treasurer, and for the past year has been first vice president.

The election of Mr. Hanson was a fitting compliment of appreciation for the many years of active service he has rendered the affairs of the association. He has given a great deal of his time without compensation in the interest of the development of this part of Michigan and we feel that he has earned this reward and fine compliment that has been given him by the members of the organization with whom he has so faithfully worked for so many years.

In assuming the duties of president of the Development Bureau, Mr. Hanson cannot but feel that it isn't going to be easy going. Some of the counties in this part of the state have failed to renew their membership in the organization, due, no doubt, to the general spirit of retrenchment in all governmental matters. But the tourist business has become the big business of this region. Many communities, especially that of our own, must depend upon the tourist business very largely for its preservation and success. But advertising and promotion of our recreational resources MUST go on. Without that we would be much like a farmer with a fine large harvest and nobody to buy it. A skilled workman without a job, and scores of similar comparisons. We have the things that tourists and resorters want. We must let them know it, and that requires advertising. And we know of no cheaper effective way of advertising our resources than thru cooperation with the E. M. T. and the Development Bureau.

The E. M. T. has systematically and economically pushed Eastern Michigan as a recreation and resorting region. Its success is obvious when one notes the many autos on our streets from other states. It seems at times that just about every other car we see in vacation time has an Ohio license. Indiana and Illinois cars seem also to be numerous, besides there are cars from every other state in the U. S.

It's a big job that these organizations are handling and their efforts, if successful, mean success for this resort region; their failure will mean decreased revenue in cash receipts for our home people. Michigan is fast convincing the country that it is a great playground. Cut off all advertising and we will soon lose all the prestige we have worked so hard to gain. Wrigley is the world's greatest advertiser. They must keep it up. True, they could discontinue advertising their chewing gum and still sell tons of gum. But let that organization stop advertising for a few months and there is no doubt but gum would be meeting the popular favor.

We wish to congratulate Mr. Hanson upon this fine honor that has come to him. He's going to need teamwork to make a success of this job; let's get back to him.

HIGHWAYS SHOULD BE PATROLLED AT NIGHT

During the past ten days the editor has had occasion to drive back and forth at night time between Grayling and Roscommon, a distance of 15 miles, and it certainly is surprising how many autos are driving the highways with faulty lights and endangering the lives of others. On the evening of Oct. 14, around 7:30 o'clock, the editor confronted three cars driving with but one headlight burning, with a large truck without any lights whatever and observed four cars with out a tail light, also a car driving about the streets of Grayling minus all lights. On the 15th he met four cars with but one head light, one without tail light. On the 16th were three with only one headlight and one minus tail light while on the 18th he met three cars with but one headlight and two without tail lights and on Monday night encountered two with but one headlight, one of which had two faulty lights, the right burning bright and when dimmed only the left was burning. Two cars were also met Tuesday evening without one light burning. And all these violations observed while driving a distance of 18 miles and covering a space of time from 20 to 30 minutes. If this is a fair average over the state, is it any wonder that night driving is becoming dangerous? It seems the State Police could well spare part of their time to night patrol of the highways with good results. Roscommon Herald-News.

SCHOOL NOTES

First Basket Ball Meeting

The basket ball boys were called together Tuesday night after school for their first meeting. Mr. Cushman gave them a little talk on certain things. The prospects look very good for a winning team this year.

All the boys agreed to get down to work and give all they have this year because they have a very tough schedule. The schedule is as follows:

- Dec. 4—Alumni-Roscommon.
- Dec. 11—Cheboygan.
- Dec. 18—Alpena.
- Dec. Jan. vacation.
- Jan. 8—Gaylord.
- Jan. 15—West Branch.
- Jan. 18—Boysie City.
- Jan. 22—
- Jan. 29—Alpena.
- Feb. 5—Cheboygan.
- Feb. 12—Gaylord.
- Feb. 19—
- Feb. 27—West Branch.

A return game is to be played with Roscommon on one of the open dates. There is also possibility of a game with Saginaw Eastern High, Feb. 19, there.

The honor roll for the first six weeks was posted on Tuesday. The Sophomore class was able to boast for having two A students: Mathilda Engel and Virginia Engel. The Junior's A student is Ruth Mack. The Senior's is Laura Welch.

The following were also honorary students, having a B average or better:

- 7th Grade—Mary G. Connors, Max Ferguson, Elsie LaMotte and Pauline Entsminger.
- 8th Grade—Lorraine Christenson, Carl Peterson, and Jennie Witanen.
- 9th Grade—Clara Atkinson, Elizabeth Kraus, Jean Peterson and Beverly Schabbe.
- 10th Grade—Emil Kraus, Billy McLeod, Norma Pray, and Siana Wallace.
- 11th Grade—Veronica Lovely, Ruth McLaughlin, Elaine Reagan, Gertrude Shoemaker, Elma Mae Sorenson, Lois Sorenson, Ruth Mack and Grace Woodburn.

Post Graduates—Mrs. Chamberlain.

The Junior class is proud to have the most number of students on the Honor Roll for the first six weeks and is trying hard to keep up the good work. The Juniors placed 19 per cent of their members on the honor roll with the Sophomores close behind with 17.6 per cent of their members on.

The Junior class is planning a party for next Friday night to be held in the high school gym. From what we hear there's going to be a grand time in the old town, Friday night.

First Grade Notes

Miss Cassidy attended the teachers institute at Saginaw last Thursday and Friday. The first grade children were not in attendance on those two days.

Clarence Hoesli is absent on account of chicken pox.

9th Grade Notes

The Ninth grade girls have had a meeting and picked out a group whom they think will make a good base ball team and are interesting them in a girls tournament. They chose Eva Mae Bugby as captain. Members on the team are as follows: Catcher—Clara Atkinson. Pitcher—Eva Mae Bugby. 1st base—Virginia Hartley. 2nd base—Doris Goshorn. 3rd base—Rose Newell. Shortstop—Barbara Gierke.

1st felder—Zelma Hiltz. 2nd felder—Elizabeth Kraus. 3rd felder—Maxine Sheldon. The class is also planning to earn money so as to have a class party soon.

For the past week our Junior Business Training class has been studying filing, the different kinds of files and their use.

Fifth Grade

Miss Hermann, teacher. We have made some health posters in Art. It took us two periods to make them. At last we have them done and placed on the wall. They seem to make the room attractive.

We have organized a Health club in our room. Jack Sparkes is our captain. He has five helpers who examine the rest of the room to see if they have done everything possible to make a clean tidy appearance. Cleanliness is the first law of health.

Our library this year has introduced us to many book friends. State library, school library, and loaned books fill the cases. The books are all catalogued and we feel that we have a library hard to beat.

Who gets the prize? That's the question buzzing around the room. We are coloring health pictures. The one who does his the best is to receive a Skeewis tooth brush holder, tooth brush and tube of tooth paste. The judges are to be three teachers and a pupil of another grade.

Our Halloween decorations make that day seem near. Cats, witches and pumpkins take their places above the blackboard. Their dress make them look very comical.

In our Language class this year we have been doing considerable work in writing good interesting paragraphs. Therefore we have decided that one day each week we will devote to writing school notes. Each person is to write one or two interesting notes and from those are

chosen the best to be put in the paper.

ENTERTAIN WITH CLEVER HALLOWEEN PARTY

Invitations written on rough paper and enclosed in manila envelopes were received by friends of Misses Ingeborg Hanson and Irene McKay, that ran thusly:

There's no use of our confessing on account of the DEPRESSION it's hard to make ends meet with our low pay.

But even tho we're short on dough we thought a party we would throw at eight o'clock the evening of Wednesday.

A "Hard Time" party it will be. So please dress up accordingly. And some prepared a little while to stay.

The affair was held at the American Legion hall where Halloween decorations made the place inviting. 26 responded, coming clad as requested and there were many clever make-ups. Every item of the party was carried out in crude style to harmonize with the so-called depression. However the lunch did not prove this, as there was loads to eat and it was very delicious. White tallow candles lighted the table and jambo sticks of candy were favors.

Mrs. Carl Hanson was awarded the prize for being the "Hardest" looking. Miss Fernie Armstrong won the prize in an advertising contest and Mrs. Clyde Peterson captured the prize for carrying the most beans on a knife.

Everyone present had a fine time, proving that Miss Hanson and Miss McKay make ideal hostesses.

CARD OF THANKS

We wish to thank our friends and neighbors for the comforting words and sympathy extended to us during the illness and death of our dear husband and father. Also do we wish to thank Rev. Etheridge and Rev. Peterson for their messages of comfort; also those who furnished the music; and the Grayling Order of L. O. O. F. for their kind service.

NORTHERN BEAUTY AND HOS-
PITALITY

Mr. and Mrs. Fred D. Keister of Ionia recently visited the north country and in his usual column published in the Ionia News "The Village Lamp Lighter," Mr. Keister writes the following:

By nature, the people of that country are hospitable. It is a part of their very existence. From the moment on a Friday evening when I swung into Al Weber's front doorway at Cheboygan, until the following Tuesday morning when I bade goodbye to Mr. and Mrs. Oscar Schumann at Grayling, we were royally entertained. At Newberry, the leading citizens of the city concerned themselves in seeing to it that the visiting newspaper men and women were given everything possible in the way of entertainment. The community hall was thrown open for their use and the entire county road commission were made members of the reception committee.

At Grayling, through the courtesy of Editor and Mrs. Schumann, we were permitted to visit the famous Hartwick Pines, located about eight miles from Grayling. This virgin tract of eighty acres, was presented to the state a few years ago by the daughter of a pioneer lumberman, the only stipulation in the gift was the right to build a summer home for herself on the 1600-acre reservation. The Hartwick Pines is a spot in lower Michigan that should be the piece of every citizen. Here, you see a replica of the north country as it was in the days before the woodsman came with his axe—and saw. One big pine, the giant of them all, has been fenced off, apparently, to protect it from souvenir hunters, its huge trunk going up at least a hundred feet before limbs begin to appear. If you don't think there is something sublime in the sight of a big tree, just go and stand before this king of the forest and then compare yourself with its immensity; it makes you feel that your part in the general scheme of things isn't so much after all. At Grayling, we also visited the state military reservation, a tract of some 16,000 acres, which has been turned into a giant maneuver ground by the state. Everything has been provided for the young soldier to stretch himself and get a little practical warfare without really shooting off part of the universe. None of the buildings are elaborate, but all of them seem to have been built with an eye towards practicability and usefulness. You

CHICAGO STOCK SHOW BIGGEST IN HISTORY

Early entries pouring into the headquarters of the International Live Stock Exposition, to be held at the Chicago Stock Yards this year November 28 to December 5, gives assurance of one of the largest displays of livestock and educational agricultural exhibits in its history. So reports B. H. Heide, secretary-manager of the exposition.

Celebrates Thanksgiving Season.
The coming 32nd anniversary of this world's largest exposition of the meat-making breeds of livestock will open its doors upon the main north International amphitheatre and 22 adjoining buildings on the first Saturday following Thanksgiving. Each day and evening will be crowded with events of education, inspiration, and entertainment to the visitors from town and country who combine to make the International Live Stock Exposition and most cosmopolitan agricultural show in the land.

Officials of the International Grain and Hay Show, a department of the Live Stock Exposition, but in itself the world's largest competitive display of small seeds, hay, and grain, state that in spite of the drought in many sections of the country this year, they look for the largest entry in the history of this event.

It will be due, they say, to the lifting of the ban on exhibits from the corn borer infested regions of the country. Exhibits from infested territory may be sent to the exposition this year after careful treatment under Government supervision at regional assembly points before they are sent to Chicago.

Australian Wheat On Way.
They also assert that samples of wheat from as far remote points of the globe as three of the important wheat producing states of Australia are en route to the 1931 show.

According to the management, the dead line on accepting entries for the individual livestock classes of the exposition will be November 1, for the Grain and Hay Show, November 10; and for that spectacular and highly practical side of the exposition, the carload lot classes of commercial cattle, sheep, and swine, November 21.

should see your West Point of Michigan.

I have told you this little story about northern Michigan for a single purpose—to look around you if you would visit a paradise. You are only kidding yourself when you journey into other lands to see the beauty there;—we have the garden spot of the world right here in our own state. Reforestation is going on rapidly, streams and lakes are being restocked with fish, fires in the woods have been reduced to a minimum, every year that country is growing more ideal from a vacation standpoint. The time is not far distant when the travelers of the world will be knocking at its doors.

DARK GREENISH PHEASANTS

Game bird hunters who took unusually dark greenish or otherwise peculiarly colored birds during the recent open pheasant season are urged to write to the Department of Conservation about it telling where they took them and what number of

dark birds they took in proportion to the standard white necked cock. The department is interested in finding out how these particular birds are succeeding in Michigan.

Two years ago a thousand eggs of the vermillion or green Japanese pheasant were purchased for the Mason Game Farm. These eggs were hatched along with the regular "ring necks" and last year some of the resulting birds were released and a part retained as breeding stock.

During 1931 the "green" pheasants kept at the Game Farm were crossed with the regular ring neck stock so that this year's young birds are in large measure hybrids. In addition, the birds released in 1930 have no doubt crossed with the wild ring necks in the fields.

As a result of these operations, hunters probably saw some queer colored birds. The pure strain of "green" pheasant averages somewhat smaller than the common birds, but the cross often results in birds larger than either parent. The color of the bird in the pure strain is dark bronzy green on the back, sides, and breast. The neck is tinged purple. There are none of the russets and white neck markings typical of the common pheasant. The hybrids may show almost any combination of variation of the parental color schemes.

PERCH FRY TAKEN FROM RIVERS

Grayling Gets Car Load Perch Fry.
Crawford county is one of the lucky ones to get in on the distribution of perch fry for our lakes. A car load was received at the Grayling hatchery Wednesday and Supt. Zalsman and his assistants have been busy planting them.

Among the Crawford county lakes to be planted are Lake Margrethe, Jones lake, Bear lake, K. P. lake, Shoopack lake, School Section lake, Staley lake, Kyle lake, Frog lake, and Roberts lake.

There are about 75,000 fry in the carload. Lake Margrethe was apportioned with 14,000. This should improve the perch fishing in these lakes.

With the hatching of perch in Michigan's state fish hatcheries suspended this year, all of the perch planted will be from the Boardman River at Traverse City and other places in the state where large runs of fingerlings are experienced.

Until 1931 at all hatcheries where facilities were available, perch were hatched by the millions and planted as fry in lakes about the state. The Fish Division of the Department of Conservation now believes that but a small percentage of these fish live to maturity and that the planting of much smaller numbers of fingerlings from two to three inches long will have better results in repopulating the lakes with this species.

As a result of abandoning the hatching of perch this year, seining of fingerlings during the run up the rivers is being carried on a larger scale than in the past.

Recently the run began up the Boardman River. It will probably continue for at least another month and during that time it is probable that thousands of two to three inch perch will be seined and shipped to lakes where it is desirable to plant them. Similar operations are being carried on in other parts of the state.

Last year 3,750,000 of these perch fingerlings were taken from the Boardman River; 4,000,000 were taken from the St. Joseph River at Berrien Springs and large numbers were taken at the Cass River at Frankenthum and at Van Etten Lake in Isco County. The "runs" are never consistent but a large number are taken every year.

The cost of planting fingerling perch seined during the "runs" is far lower than would be the cost of hatching them and feeding them until they reached the fingerling size.

Hospital Notes

Mrs. Doty of Higgins Lake who has been taking treatments at the Hospital was dismissed Tuesday.

The condition of John Rasmussen, who has been a patient for several weeks, remains about the same.

Nels Olson who was the victim of a hunting accident last Thursday was dismissed Sunday.

Ernest Larson and Miss Faye Matheson who were seriously injured a couple of weeks ago in an automobile accident are both improving. The student nurses are giving a Halloween party at the Hospital Annex this evening. They have invited several of the graduate nurses to be their guests.

POTATO-APPLE SHOW NOW ON

This week the Ninth Annual Pot. & App. Show is being held at Gaylord.

It is a week of constructive celebration where potato and apple growers of northern Michigan meet to exchange ideas of mutual value. This show has grown from a few hundred visitors and a few score exhibits until it now occupies the entire floor space of the three large 4-H club buildings at Gaylord. Last year over 2,000 persons attended the show and there were over 600 exhibits of potatoes and apples.

We realize that it is impossible for every farmer and business man to attend this show, so we have arranged with the show management to contribute supplement text week covering all details of the show. We assure you will find this interesting reading.

To compliment Dr. C. R. Keyport, who was recently appointed on the State Board of Medical Examiners, the Sisters of Mercy gave a dinner at Mercy Hospital Wednesday evening. Guests included Dr. and Mrs. Keyport, Dr. and Mrs. C. G. Clippert, Dr. and Mrs. Gordon Moffat, Dr. and Mrs. C. J. Green, and Dr. and Mrs. C. C. Curnalla of Roscommon.

While Father Culligan hasn't been bringing in a lot of partridge, he says he has seen plenty. In one day he says he flushed close to 150 partridges. Every time he would flush a bird he would drop an acorn into his pocket. That night he counted 150. He says he doesn't claim each was a different bird, for some he flushed a number of times. Partridges haven't been reported as plentiful this fall. The season closed Monday.

Grayling Lodge P. & A. M. held a school of instruction and conferred the second degree on one candidate Tuesday evening. The affair was held at the I. O. O. F. temple and opened with a sumptuous banquet at six o'clock, served by the ladies of the Eastern Star. The gathering was honored by a visit from Arthur T. Fox, past grand master of Almont and there were 15 members of the Roscommon lodge and one from Gaylord Lodge.

A very pleasant reception and pot luck dinner was given at Methodist Memorial church Wednesday evening for the pleasure of Rev. and Mrs. H. J. Salmon, who recently came to Grayling as pastor of the Community church. Mr. and Mrs. M. A. Bates reunited with Rev. and Mrs. Salmon in the church parlor which had been made very attractive by the addition of wicker furniture and lamps. About 75 sat down to a bounteous dinner. This was followed by a social hour in the parlor. Mr. T. P. Peterson in a few well chosen words welcomed the pastor and his family to the church and community. Rev. Salmon responded expressing his appreciation and pleasure at so cordial a welcome. The affair was one of the delightful social life of the church.

How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, will thrive if they received daily, half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

To the Honorable Board of Supervisors of Crawford County:
At a meeting of the Superintendents of the Poor of Crawford County,

held on October 5th, 1931, the following recommendations were advanced for your approval:

That you appropriate the sum of \$7,000.00 for the care of the poor for the year ending September 30th, 1932.

That the following schedule of prices set for the medical care of the poor be as follows:

Confinement cases	\$15.00
Day calls	1.00
Night calls	2.00
Office calls	1.00
Operations not to exceed	25.00
Undertaker, funeral not to exceed	40.00
Care at hospital not to exceed	15.00

Emil Kraus, Secretary of the Superintendent of the Poor of Crawford County.

We recommend that Rebecca Ray expense not to exceed \$480.00 for year.

We recommend that Alice Sturdivant and children not exceed \$350.00 for 1932.

We recommend that the Poor Commission does all the buying for the Poor.

Hamilton Sturdivant is able to work and should not have County aid.

Oscar Kimber should not have help.

WHOLESALE CHANGE FROM ROWDYISM IN SOME COMMUNITIES

Hallowe'en this week end will mean dirty windows and even property destruction in many towns. But a growing number of Michigan communities are putting on community celebrations which eliminate rowdy antics.

These celebrations are in the form of festivals that seem to direct the spirit of youth in new directions. Some towns are staging programs with a parade of costumes for prizes donated by the merchants for the best ghosts, witches, etc., after which the youngsters go to a juvenile movie and older youths dance at the high school gym.

Some of the towns together with their rural districts that are observing annual fetes of this nature are Jonesville, Camden, Grand Haven, Lake Odessa, Traverse City, Jackson, Portland and Manchester.

This is surely a wholesome way of spending the age-old holiday. Hallowe'en, especially when the organized observances are based on a pledge by the children to refrain from the former pranks which often got out of bounds.

ISSUES LIST OF DEER HUNTING LAWS

Not more than three or four hundred of Michigan's 80,000 deer hunters will be affected by the new state law which prevents certain persons from obtaining a deer hunting license, according to the Department of Conservation.

The new game laws provide that no person who has been convicted of violating the deer laws within the past three years or who has accidentally or otherwise wounded or killed anyone in a "hunting accident" within the past five years, may obtain a license to hunt deer.

The Department today issued a list of deer hunting laws, the violation of any one of which would prevent the obtaining of a deer license. The list was confined exclusively to laws affecting only deer. While eight such laws are noted it was said that they must not be taken as indicating a hard and certain fast rule, and that violation of other deer laws might under certain circumstances prevent the issuance of a license.

The list that will guide the Department in determining who may not obtain a deer hunting license is as follows:

1. Killing illegal deer. (Killing a doe or a buck with antlers less than three inches long.)
2. Hunting deer during the closed season.
3. The illegal possession of venison. (Having venison not taken legally or having in possession legally killed venison more than 60 days after the close of the open season.)
4. Hunting or killing deer without a license.
5. An alien killing deer on a resident or non-resident license.
6. A non-resident killing deer on a resident license.
7. Hunting deer in a closed area. (Game refuge, state parks, etc.)
8. Taking deer by unlawful methods. (Shooting from an automobile, "shining" deer, etc.)

STATE OF MICHIGAN

In the Circuit Court for the County of Crawford, In Chancery.

At a session of said court held at the court house in the Village of Grayling in said County on the 24th day of October, 1931.

Present: Hon. Guy E. Smith, Circuit Judge.

In the matter of the petition of Fred R. Welsh, Marius Hanson, George Burke, Holger Hanson and Frank Sales for the voluntary dissolution of the Grayling Manufacturing Company, a Michigan corporation.

Upon reading and filing the petition of Emil Giegling, Receiver of the Grayling Manufacturing Company, praying that the Court make an order limiting time for filing claims against the said Grayling Manufacturing Company and its further appearing to the Court that such order ought to be made.

NOW THEREFORE, on motion of Clark & Henry, attorneys for the Receiver:

IT IS ORDERED: That all persons having claims against the Grayling Manufacturing Company shall make proof thereof on oath and in writing and file the same with Emil Giegling, Receiver, on or before the 31st day of January, 1932, and in default thereof the receiver shall proceed to distribute the assets of said Grayling Manufacturing Company and pay dividends without reference to claims not proved and that said receiver shall not be obliged to receive proofs of claim filed after January 31st, 1932, except upon order of this court. That said proofs of claim shall be in writing and be sworn to and shall comply with the directions and provisions of Sections 18356 to 18359 inclusive of the Compiled Laws of Michigan of 1929.

That said Receiver shall within ten days from the date thereof, cause a copy of this order to be published once each week for three successive weeks in the Crawford County Avalanche, a newspaper published and circulating in the County of Crawford, and further that the Receiver shall within said time mail to each known creditor of said Grayling Manufacturing Company, a copy of this order together with a blank proof of claim.

Guy E. Smith, Circuit Judge.

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Harlan P. Smith to William Corning, dated the 1st day of June, A. D. 1927, and recorded in the office of the Register of Deeds for the county of Crawford and State of Michigan, on the 5th day of July, A. D. 1927 in Liber D of mortgages, on page 51 on which mortgage there is claimed to be due at the date of this notice, for principal and interest, the sum of eight hundred twenty dollars, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Saturday the 8th day of December, A. D. 1931, at 1 o'clock in the afternoon, the undersigned will, at the front door of the Court house in the Village of Grayling, that being the place where the Circuit Court for the county of Crawford is held, sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with five per cent interest, and all legal costs, together with attorney's fee, to wit: the southwest quarter of section eighteen, town twenty-five north, range three west, Beaver Creek Township, Crawford County, Michigan.

The Treasure Chest in the Organization Contest will close at 6 p. m. o'clock, Nov. 12, 1931. All Arrow Checks, in order to be counted, must be deposited in the Treasure Chest before this time.

At the close of the contest a committee will take charge of the Treasure Chest and count the Arrows.

Organization Arrows will be of no value after the close of the contest. Therefore, Organizations should deposit all Arrows now.

To be sure of representation on the official contest committee, Organizations should deposit enough Arrows right now to insure their ranking among the "High-Five" at the next count of Arrows.

Results of the official count will be announced and bags of gold will be awarded at the close of auction, Nov. 19.

Do not miss this next auction! It promises to be even bigger and more exciting than any of the preceding auctions.

38-Articles of high class merchandise, having a value of about \$114.20 will be sold to the high bidders at this auction.

The usual open auction will follow the regular closed auction.

Error in ad regard 6 prizes; only 3 prizes.

Stop Night Coughing

Night coughing is almost always caused by an irritated, inflamed throat; so is almost all coughing. Ordinary cough syrups do not reach these conditions, but Thoxine, a prescription exclusively for throat troubles, does. It relieves the irritation and the cough stops within 15 minutes. And Thoxine goes further too. It eliminates the internal cause which many times develops into serious illness.

A swallow of Thoxine before retiring absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. It contains no chloroform or other harmful drugs and children like it. Relief is guaranteed within 15 minutes or money back, 35c, 60c, and \$1.00 bottles. Sold by Mac & Glidley's Drug Store and all other good drug stores.

WHEN FOOD SOURS

ABOUT two hours after eating, many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been overstimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a teaspoonful in water. It is pleasant, efficient and harmless. It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia, the kind physicians prescribe to correct excess acids. 25c and 50c a bottle—any drugstore.
"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1876.
